Oak Creek, WI 53154

March 11, 2008

Dear Larry,

Crawford Material Company has been a distributor for both Glen Gery Brick and Diedrich Technologies for a number of years. In that time we have not experienced any problems where Diedrich new masonry cleaners have been used in cleaning new construction utilizing Glen Gery Brick, Redland Brick or Streator Brick. We have also been a distributor of Brickcraft Brick since December 2007 and have not experienced any problems with Diedrich new masonry cleaners. We feel the Diedrich products perform as well if not better than the equivalent ProSoCo products. We at Crawford Material Company are happy to recommend Diedrich products because of their past performance and the technical support provided by Diedrich Technologies.

Sincerely,

Stuart Wind
President
Crawford Material Company
